DESIGNER SERIES

CEMENTO

CEMENT-LIKE TEXTURED PAINT

URBANITE • INDUSTRIAL • MINIMALIST

Momento® Cemento is a water-based interior textured paint that brings the raw, aesthetic cement-like appearance to your walls. Perfect for any space, whether residential, commercial, or anything in between.

□ GRANITE GLAM MC 6304

CEMENTO CONSISTS OF 3 PARTS!

01 Primer 1 Liter
02 Texture Coat 1 Liter
03 Clear Coat 0.5 Liter

- INTERIOR USE
- EXCELLENT COLOUR RETENTION
- MARVELOUS EFFECT OF COLOUR AND TEXTURE
- INDUSTRIAL LOOK
- HIGH-TECH RESIN THAT PROVIDES EXCELLENT ADHESION
- VARIOUS CHOICES OF COLOUR TO FIT YOUR STYLISH DESIGN

RECOMMENDED COATING SYSTEM :

PROCESS & PRODUCT	NO. OF COATS	APPLICATION TOOL	PACK SIZE
01 Cemento Primer	1	Roller	1 L
02 Cemento Texture Coat	2-3	Trowel	1 L
03 Cemento Clear Coat	2	Roller	0.5 L

6 EASY APPLICATION STEPS :

STEP 01: SURFACE PREPARATION

Clean the wall to remove dirt and dust, ensure the moisture level is below 16%.

***Recommended to skim the wall with Nippon Paint EasySKIM 5000 All Purpose Joint Compound before applying interior wall sealer.*

STEP 02: SEALER APPLICATION (Recommended for an excellent result)

For problematic walls with chalky surfaces, high moisture, or alkalinity, apply 1 coat of Acrylic 5170 Wall Sealer or Hi-bond Wall Sealer.

STEP 03: PRIMER APPLICATION

Apply 1 coat of Cemento Primer onto surface with 820 Interior Roller 13mm.

STEP 04: TEXTURE COAT

Apply the first coat of Cemento Texture (cover the substrate randomly) with a trowel and let it dry for 60-90 minutes. Apply second coat randomly to create texture and third coat is recommended for denser texture effects.

STEP 05: TROWELLING

After 40-60 minutes, buff the entire area with a finishing trowel in circular motion to smoothen the surface.

STEP 06: TOPCOAT

As a finishing, apply 2 coats of Cemento Clear Coat with the 820 Interior Roller 13mm to enhance the protection and achieve a beautiful finish with an industrial aesthetic.
