FLASH VIOLET 703

## SPECIAL USES

### Heat Resistant Paint

A quick-dry silicon resin paint that is highly resistant to temperatures up to 450°C, the maximum heat temperature for car engines. Protects iron and steel surfaces from weathering and corrosion. Suitable for all high temperature equipment and surfaces.

HEAT RESISTANT SILVER  
709

HEAT RESISTANT BLACK  
708

### Anti-Rust Primer

An Acrylic Epoxy spray paint specially formulated as a protective anti-rust primer coat for bare metal surfaces.

- Good for hiding power
- Anti-rust property
- Excellent adhesion
- Ideal as primer and base coat for all PYLOX spray finishes

ANTI-RUST BROWN 12
