

Hi-Pon 80-04 Phenolic Epoxy Coating (SS:375)

Hi-Pon 80-04 is a two-component, high-build phenolic epoxy coating for blast-cleaned and primed steel surfaces. It makes an ideal high-performance coating for steelwork and concrete surfaces with immersion as well as non-immersion services. With added chemical resistance properties, it provides long-term corrosion protection for storage tanks for chemicals, solvents, crude oil, aggressive palm oil and vegetable oil derivatives.

Characteristics

Commonly Specified System

Resin	Phenolic Epoxy
Type	Solvent-based
Finishing	Low Gloss
Application	Roller, Brush, Airless Spray
Painting System	3-coat System – Mild Steel
	1 coat Hi-Pon 80-03 Phenolic Epoxy Primer
	2 coats Hi-Pon 80-04 Phenolic Epoxy Top Coat
