

NIPPON PAINT PROFESSIONAL PAINTING SERVICE (PPS) GIVES BACK

Nippon Paint is happy to introduce a new initiative, “**Professional Painting Service (PPS) Gives Back**” under our Corporate Social Responsibility Programme.

PPS Gives Back goes beyond providing just paint to the beneficiaries, but also offers the valuable painting skills and time of our Professional Painters. With this, we aim to truly show the beneficiaries how much we care in making their lives better with our expertise. To complete this transformation, new furniture / appliances will also be sponsored to these homes. This initiative serves as a hassle-free process for our beneficiaries as professionally trained applicators will wrap, move and protect all existing furniture before commencing work. Furniture will be subsequently re-instated after painting.

This cause will benefit the less privileged and elderly who have been wanting to improve their living conditions but lack the resources, time and labour to do so.

If you know of any beneficiaries, please fill in the application form attached and send it to customer@nipponpaint.com.sg.

Beneficiaries will be shortlisted and selected according to those who meet our criteria and have the greatest need and benefit.

We look forward to adding a splash of colours to these homes and giving them a no-fuss new look to make everyday living a better place to call home.

Thank you.

Best Regards,
Gabriel Ng

The programme does NOT cover:

- Major hacking or structural repairs
 - Extensive waterproofing works
 - Replacement of damaged ceilings or boards
 - Designer finishes or feature walls
 - Full renovation works
-

6. Required Documents

Applicants must submit:

- Clear photos of wall condition

Incomplete submissions will not be processed.

7. Evaluation Matrix

Criteria	Description	Score 1	Score 3	Score 5
Wall Condition Severity	Current condition of interior walls	Minor stains or cosmetic issues	Visible peeling paint, moderate mould, patchy walls	Severe peeling, heavy mould, major discolouration, large damaged areas
Financial Need	Household income and financial situation	Stable income, not under financial strain	Moderate financial difficulty	Low-income household / receiving financial assistance
Household Vulnerability	Household members requiring support	No vulnerable members	One vulnerable member (elderly / young children)	High vulnerability (elderly living alone, disability, single parent, chronic illness)
Impact of Programme	Potential improvement to living condition	Minimal improvement	Moderate improvement	Significant improvement to hygiene, safety or well-being

Scoring Guide

- Maximum Score: 20 points
- Minimum Recommended Qualification: 10 points

Priority Cases:

Applications scoring 16 points and above should be prioritised.

Wall Condition Severity must score at least 4 to qualify for the programme.

8. Selection & Programme Limitations

- Limited number of households supported per year
- Support is provided once per household
- Approval subject to internal review and budget availability
- The company reserves the right to approve or reject applications
